Unite Tarrant brings together the **5 Pillars of Global Collaboration**—Private Sector, Government, Education, Science and Technology R&D, and Arts, Culture, and Entertainment (ACE)—to create a Christ-centered ecosystem that fosters compassion, collaboration, and transformation across Tarrant County. By aligning the strengths of these sectors, we can effectively meet the needs of our community and glorify Christ through service and stewardship.

When these pillars work together, they form a robust ecosystem capable of tackling even the most complex challenges. Each sector plays a unique role, but together they amplify our impact, ensuring that every individual in Tarrant County has the support they need.
